

MLA Style Samples for Citing Electronic Databases

Double-space your entire citation list both between and within entries. Note that some professors may prefer single spaced citation!!! Alphabetize sources by author or editor.

Basic format: 1) Author. 2) Title of work. Italics for independent work. Roman type and quotation marks for work within larger work. 3) Volume, issue, year and page number (noncontinuous pages use first page number and plus sign). 6) Supplementary bibliographic information and annotation 7) Title of database. 8) Medium of publication (Web). 9) Date of access. 10) URL only if difficult to find or requested by the instructor. Format: <http://....>.
