AA/AS Majors
The graduation document issued by the College for completing 60 units, with a minimum grade point average of 2.0, including general education requirements and a major field of study.

Basic Skills
Basic skills and pre-collegiate basic skills courses are credit courses, not degree applicable as identified by MIS data elements CB04 and CB08. Such remedial courses include preparatory classes in English, English as a Second Language, Math, and Reading with course numbers below the 100 level. While such courses do not apply toward associate degrees or certificate programs, students can use basic skills courses for eligibility purposes, for intercollegiate athletic status and financial aid.

CCC
California Community Colleges.

Census
The official day each term for student headcount based on attendance, usually the Monday of the second full week of instruction.

Certificates
The document awarded by the College in occupational/career/skills programs for completing requirements as specified in the College catalog.

Classified Employee
A non-certificated regular employee, i.e. clerical, technical, and maintenance workers.

Completion Rate
Student Right-to-Know defines completion rate as the total number of students in a cohort who earn a degree or certificate, or who successfully complete a two-year equivalent transfer-preparatory program. Note that course completion rate is defined as course retention.

Continuing Student
A student enrolled in the current semester who enrolled in credit courses during the prior year.

CSU
California State University.

Department
The College offers courses in specific subject areas within each division such as English and French in Communications. Each subject falls under a general program area by TOP code 6. In the Fact Book subject areas are called departments.

Duplicated Enrollment
The number of students enrolled in classes, courses or disciplines, when these categories are aggregated and summed. An individual student would be counted as many times as the number of classes in which he or she was enrolled; for example, a student attending three classes would be counted or "duplicated" three times. This rarely-used measure is used in this document only for Community Services.

EE06
Equal Education Opportunity-Occupational -Activity. A category used by the Office for Federal Contract Compliance Programs (OFCCP) to group jobs by similar function, preparation, and lines of progression. The EE06 categories include Executive/Administrative/ Managerial, Faculty, Professional/Non-Faculty, Technical/ Paraprofessional, Clerical/Secretarial, Service/Maintenance, and Skilled Trades. Institutions must develop job groups for each EE06 category, which provide for smaller, more meaningful groups for affirmative action reporting.
Enrollment
A headcount of students. When shown by department, headcount is taken in each class and represents duplicated students across the classes.

Ethnic Status
The ethnicity reported by students on a voluntary basis on the application for admission. The choices offered are: Chinese, Japanese, Korean, Filipino, Laotian, Cambodian, Vietnamese, Indian Sub-continent, and Other Asian; Black/African-American; Chicano or Mexican, Central American, South American, and Other Hispanic; Samoan, Hawaiian, Guamanian, and Other Pacific Islander; American Indian/Alaska Native and Other Non-White; and Decline to State.

Ethnicity
Categories used to describe groups to which individuals identify with, or belong to in the eyes of the community. Categories do not denote scientific definitions or anthropological origins. For data purposes, a person may be counted in only one group. Students and faculty identify one or more ethnicities on various forms used by the College. Different forms use different categories and groupings. The Office of Institutional Research prefers to use the following ethnic groups consistently for reports in the Fact Book: African American, Asian, White, Filipino, Hispanic/Latino, Pacific Islander, and Native American/Other. Unknown includes unreported, not available and decline to state.

Executive/Administrative/Managerial
Defines all persons responsible for management of an institution or a major department or subdivision thereof. Includes all certificated administrators and some classified managers.

Faculty
Defines all full- or part-time certificated personnel in teaching, counseling, and librarian positions.

Faculty (Full-time)
Full-time faculty load hours depend on discipline being taught as listed in the Standard Teaching Hours in the American Federation of Teachers College Guild Contract (i.e., 15 hours for most disciplines, but 12 hours for English, 18 hours for Agriculture, 21 hours for Fashion Design).

Faculty (Part-time)
Faculty load hours with less than 60% of the full-time faculty load.

First-time Freshman
A student enrolled in the College for the first time after high school.

Fiscal Year
July 1 to June 30 of the following year.

FTEF
Full-Time Equivalent Faculty. Each course taught at the College is assigned a teaching load, depending upon the number of hours the class meets and whether it is a lecture or lab format. A faculty member's teaching load is determined by adding together all the loads for each class he/she teaches. Total FTEF is the number of faculty that would be needed to teach all classes for a given semester, if each faculty were assigned a full load.

FTES
Full-Time Equivalent Student, the unit of measure based on attendance patterns used in state apportionment of funds. FTES for most classes use the following formula:

\[
\text{number of students} \times \text{number of hours per week} \times 17.5 \text{ weeks}
\]
**Full-Time Students**
A student registered for 12 or more units in fall or spring; six or more during summer at the time of first census.

**Headcount**
The actual number of individual students. College-wide headcount is an unduplicated count of students enrolled per term, usually excluding students that fail to meet census count.

**Hourly Instructor**
Faculty load hours with less than 60% of the full-time faculty load.

**IPEDS-GRS**
Integrated Postsecondary Education Data System – Graduation and Retention Survey.

**ITV**
Instructional television.

**Load**
The number of course units in which a student is active at the time of first census.

**Major**
Students may declare a particular major when they apply for a certificate or degree. Each major includes a concentration of subject specific courses which identify the appropriate TOP code for the major. For example, students receive an Associate Degree in Business Administration by completing 53 units in Business, Office Administration, and Computer Information System, along with an additional 7 units of general education requirements; however, the degree carries the TOP code of 0520.00 for Business Administration.

**Matriculation**
A process that enhances student access to the California Community Colleges and promotes and sustains the efforts of students to be successful in their educational endeavors. It is intended to assure all students’ access to higher education opportunities. Its purpose is to provide accurate, timely information and help to define realistic, reachable educational goals. It is designed to provide admissions, assessment, orientation, counseling, and follow up to all students enrolled.

**MEDS**
Matriculation Evaluation Data System.

**NCES**
National Center for Education Statistics, Washington DC.

**New Student**
A new student has never enrolled previously, or enrolled exclusively in non-credit courses in all prior years.

**Number of Students Completing**
Total students enrolled as of the end of the semester, including students who successfully and unsuccessfully completed courses. This is a duplicated count, since a student completing five classes is counted five times. The difference between Students at Census and Students Completing, is the number of students who withdrew.

**PACE**
Program for Accelerated College Education. It is designed to accommodate working adults. Students earn 12 units of general education credit by attending on four-hour weekly class and eight Saturday conferences and by viewing instructional television two hours per week.
Part-Time Students
A student registered for less than 12 units in spring or fall; less than 6 in summer.

Persistence
Students continuing from one semester to another; not to be confused with retention within a semester.

Professional Non-Faculty
Defines classified positions requiring college or graduate-level training and, minimally, a baccalaureate degree. Includes various analysts, bookstore managers, staff aides and assistants, accountants, etc.

Retention Rate
Course retention, or the course completion rate, is the number of students completing a course with a grade of A, B, C, D, F, P, or NP divided by the number of students enrolled at first census.

Returning Student
A student enrolled at the College after an absence of one or more terms without interim attendance at another college.

Secretarial/Clerical
Defines positions in clerical or secretarial activities.

Service/Maintenance
Positions requiring technical and manual skills sufficient to perform custodial, grounds keeping, or food service tasks.

Skilled Crafts
Defines positions requiring special technical and manual skills; includes carpenters, painters, electricians, etc.

Specially Funded Programs
Also called categorical or restrictive funding. Supports programs that are designed and overseen by state and federal agencies outside the District, including such special student services as Disabled Students Programs and Services, EOPS, Financial Aid and Veterans Programs. Special funds may be spent only within their programs, and according to guidelines laid down by the funding agencies, which periodically audit program expenditures.

SRTK
Student Right-to-Know.

Student Right-to-Know
SRTK refers to a Federally-mandated public disclosure of a college’s Completion Rate and Transfer Rate. The intent of SRTK is to provide to the consumer a statistic of comparable effectiveness that they can use in the determination of college choice. All colleges nationwide are effectively required to participate in the disclosure of rates by January, 2000.

Subject
At Harbor classes are coded by subjects, such as ENGL for English, FREN for French, etc. On some pages in the Fact Book, subjects are considered departments within academic divisions.

Successful Completion Rate
The number of students receiving a grade of A, B, C, P, or CR divided by the number of students enrolled at census.
**Technical/ Paraprofessional**
Defines positions requiring specialized technical and/or paraprofessional skills; includes computer operators, programmers, lab technicians, instructional aides, etc.

**TOP Code**
The Taxonomy of Programs (TOP) is a common, numeric coding system by which districts and colleges categorize degree and certificate programs and courses on the basis of the similarities of their published goals and objectives.

**Transfer**
A goal to transfer to a baccalaureate program at a four-year college or university, with or without an associate degree. Although many students transfer to other two-year colleges, transfer in this document refers to public California four-year institutions. (This is the only data available from the state.)

**UC**
University of Southern California.

**Weekly Student Contact Hours (WSCH)**
Weekly Student Contact Hours describes student attendance during a one-week period at the College. More specifically, it represents the total number of hours that all students spend in classes during the census of the semester. It is calculated by multiplying the total number of students enrolled in a class by the number of hours the class meets per week. For example, a class of 32 students meeting 3 hours per week generates 96 WSCH.

**WSCH/FTEF**
Weekly student contact hours based on the number of class hours and number of students divided by the full-time equivalent faculty of those classes. The State target is 525 WSCH per FTEF.
