4-YEAR COMPARISON OF THE INSTITUTIONAL STUDENT INFORMATION RECORD & PACKAGED STATISTICS**

Institutional Student Information Record (ISIR) is a report sent to schools for each student who files a Free Application for Federal Student Aid (FAFSA). The ISIR report counts each transaction made by a student. Transactions include re-filing, corrections to the application, etc. Since a student may have multiple transactions to their FAFSA application, the ISIR may include multiple records for one student.
