Los Angeles Harbor College has transfer agreements with UC Davis, UC Irvine, UC Riverside, UC Santa Barbara, UC Santa Cruz, and CSU Northridge. Transfer agreements allow eligible students to study at a Los Angeles Harbor College and have a guarantee of admission as a junior-level transfer.

**UC Davis - TAA Program**

http://why.ucdavis.edu/admissions/trfrTAA.cfm

LAHC offers a Transfer Admissions Agreement (TAA) with UC Davis. At this time TAAs are written in late August and early September for the following Fall Quarter. See a LAHC Counselor for details.

**To be considered, students:**

1. must have completed 30 UC-transferable (45 quarter) units at the time the TAA is written.
2. The minimum transferable GPA varies by college. Students must have minimum GPA of 2.9 for the College of Letters and Science. For the College of Engineering the minimum GPA varies by major. The minimum for the College of Agricultural and Environmental Sciences is 2.8.
3. must be a full-time student at LAHC at the time the TAA is written and during the last term prior to transfer.
4. must complete all specific courses required for admissions as well as preparation classes for crowded UC Davis majors by the Spring 2006 for the Fall 2006 entrance.
5. must complete a total of 60 transferable units before enrolling at UC Davis. Priority will be given to students who complete 60 units by Spring 2006.
6. International students may not apply using the TAA.

**UC Irvine - PAIF Program**

http://www.admissions.uci.edu/paif.html

PAIF - UCI's Preliminary Admission-in-the-Field program - offers on-the-spot provisional admission to well-qualified students from participating California Community Colleges. To participate in this program, students need to complete an online application and personal statement, and make an appointment with a UCI counselor, either at their community college's Transfer Center or at the UCI campus. The meeting should be scheduled sometime during the six weeks prior to the closing of the priority filing period for the fall quarter in which you wish to enter UCI (the online application does not need to be submitted in order to make the appointment).

Highest admission priority is extended to community college applicants who will have completed 60 transferable semester units by the quarter they intend to enter UCI (fall or winter). You may be eligible for admission to UCI through PAIF if you meet all three of the following requirements:

1. Completion of 60 transferable semester units (90 quarter units) by the end of the quarter prior to your enrolling at UCI, and attainment of at least the minimum GPA specified by the major you have chosen.
2. Completion of the minimum UC transfer eligibility requirements in English (two courses) and transferable mathematics (one course). The mathematics and first English course must be completed at the time of your preliminary admission notification. The second English course must be completed by spring 2006 for fall 2006.

3. Completion of all course prerequisites for whichever of the following majors you have chosen to pursue at UCI - Applied Ecology, Biological Sciences, Chemistry, Computer Science, Earth and Environmental Science, Engineering (all majors), Information and Computer Sciences, Mathematics, or Physics - prior to enrolling at UCI.

NOTE: Arts and Humanities, Dance, Humanities and Arts, and Music do not participate in the PAIF program.

To make an appointment on the UCI campus, telephone the UCI Office of Admissions and Relations with Schools at (949) 824-6703 and request a time on a Thursday or Friday between 9:00 a.m. and 3:30 p.m. Come to 204 Administration Building.

**UC Riverside - TAG Program**

LAHC offers a Transfer Admissions Guarantee (TAG) with UC Riverside (UCR). The TAG is available for all undergraduate majors. UCR accepts TAG students for the Fall Quarter for all majors except Biochemistry, Chemistry and Engineering majors. UCR accepts students for the Spring Quarter for all majors except Biology, Biological Sciences, Biochemistry and Engineering majors. Contact UCR for details.

**To be considered, students:**

1. You are a U.S. citizen or Permanent Resident. Because of the complexity of international academic records, students on visas are not eligible for TAG.

2. All your course work must be completed at a California community college. Although UC Riverside accepts coursework from other colleges and universities, we write TAG contracts for students with course work taken exclusively at California community colleges.

3. You have at least 30 semester (45 quarter) UC-transferable units with a minimum 2.80 grade point average (GPA). Majors in the College of Natural and Agricultural Sciences require a minimum GPA of 3.0.

4. You have completed the mathematics and English courses necessary to satisfy regular UC admission requirements with a grade C or better in each course.
**Note:** The Transfer Admission Guarantee is available for all majors in the College of Natural and Agricultural Sciences and all majors in the College of Humanities, Arts, and Social Sciences with the exception of Business Administration and Art (Studio).

When you complete the provisions of your Transfer Admission Guarantee contract, we guarantee your admission to UC Riverside. In person, by mail, or by e-mail, we make it easy.

**UC Santa Barbara - TAG Program**

LAHC offers a Transfer Admissions Agreement (TAA) with UC Santa Barbara. This TAA applies to all LAHC transfer applicants who meet the TAA criteria at the time of regular filing for Fall admission. This agreement assures general admission to the College of Letters and Science but not necessarily admission to a major. LAHC students do not need to sign a formal TAA contract; all LAHC applicants will automatically be screened for TAA criteria.

**To be considered, students:**

1. Must apply for fall admission during the regular filing period, November 1-30.
2. Must have a minimum GPA of 2.8 in all UC-transferable units
3. Must complete the following courses with C grades or better by the end of current fall term for subsequent fall term admission:
   a) two UC-transferable English composition courses (UC-E)
   b) one UC-transferable mathematics course (UC-M)
4. Must complete, with C grades or better by the end of spring term, four UC-transferable courses from at least two of the following three areas:
   - Arts & Humanities (UC-H)
   - Behavioral & Social Sciences (UC-B)
   - Biological and Physical Sciences (UC-S)
5. Must complete at least 60 UC-transferable semester units by the end of spring
6. Must complete the last 30 of your 60 or more UC-transferable units in residence at your current community college
7. International students **may** apply using the TAA.

**Note:**

Applicants to biological science majors must also complete:
   a) One year of general chemistry with lab
   b) At least one additional year long sequence from within calculus, general physics with lab, general biology with lab, or organic chemistry with lab
   c) Maintain a minimum GPA of 2.7 on all pre-major courses through spring term prior to entrance
Applicants to the College of Engineering and Computer Science in the College of Letters and Science must also complete courses below with a minimum 3.00 GPA in their overall transferable course work as well as in their major preparatory courses to be considered for admission.

**Computer Science B.S. / Computer Science B.A. (Letters & Science) major preparation:**

- a) Calculus for Mathematics and Engineering majors
- b) Linear Algebra
- c) Differential equations
- d) Programming courses, JAVA (preferred), C++, assembly languages
- e) English composition (2 courses)

B.S. - Add one year of calculus-based physics and two General Education courses. B.A. - Add one year of calculus-based physics or general chemistry with laboratory and two General Education courses. Chemical Engineering, B.S. / Computer Engineering, B.S. / Electrical Engineering, B.S. / Mechanical Engineering, B.S. major preparation:

- a) Calculus for mathematics and engineering majors
- b) Linear Algebra
- c) Differential Equations
- d) A year and a half of Calculus-based physics
- e) A year of General Chemistry for science and engineering majors
- f) Programming in C (Java for computer engineering majors)
- g) Circuits and Devices
- h) Lower division subjects for the specified major
- i) Two courses in each: English composition, humanities/social science

**College of Creative Studies**

Students who apply to UCSB's College of Creative Studies must fill out a supplemental application. Students are selected on the basis of outstanding academic and personal achievement, special talent, and capacity for excellence in one of the following emphases:
**UC Santa Cruz - GATE Program**
LAHC offers Guaranteed Admission for Transfer Entry (GATE) with UC Santa Cruz. This transfer agreement may be written one year in advance of the transfer term. UC Santa Cruz will accept transfer admission agreements for the Fall Quarter only. The GATE filing period is August 1st through October 15th. See a LAHC Counselor for specific information/requirements.

**To be considered, students:**

1. must have completed 30 UC-transferable semester units (45 quarter units)
2. must have 3.0 GPA in all UC-transferable units.
3. who have already attended a four year institution (college/university) must have completed less than 20 semester units (30 quarter units).
4. who have international records from colleges/universities from outside the U.S. are NOT ELIGIBLE.
5. International students may not apply using the GATE.

**CSU Northridge – TAG Program**
CSU Northridge has a Transfer Admission Guarantee (TAG) to ensure your admission during the semester you specify. Eligible students must have completed at least 15 CSU transferable units and be in good academic standing at all CSU campuses.

Interested students should come to the Transfer Center or make an appointment with a counselor to complete the transfer guarantee agreement and an education plan.

**TAG Requirements:**
1. Complete 60 CSU transferable units with a minimum GPA of 2.0 or higher
2. Complete a minimum of 30 units of CSU general education courses with a “C” grade or better (English, communication, critical thinking and math are mandatory courses)
3. Submit a CSU admission application during the appropriate admission cycle
4. Submit official transcripts from all colleges and/or universities attended

Note: If major is impacted, specific impaction criteria must be met before admission to the major

**UC San Diego - TAG Program** (need at least 10 LAHC transfer students enrolled at UCSD for 2-3 years to become a participating school)

UCSD offers a transfer admissions guarantee (TAG). The TAG allows the student to be admitted to the college and term of their choice. It also guarantees applicability of the TAG core curriculum toward the completion of lower division UCSD General Education requirements. The TAG agreement DOES NOT guarantee admission to any major. This agreement must be signed and submitted to UCSD at least one month prior to the beginning of the admission application filing period (September 30 for Fall Quarters, May 31 for Winter Quarters, and August 31 for Spring Quarters

**To be considered, students:**

1. must have 2.8 Cumulative GPA in all UC-transferable units and be in good academic standing.
2. must have "C" grade or better in (two UC-transferable English composition courses, one UC-transferable mathematics course, four UC-transferable college courses from at least two of the following areas; arts & humanities, social and behavioral science, physical and biological science).
3. must clear each TAG course for general education with at minimum of a "C."
4. must establish residency for admissions by completing 30 units of the last 40 UC-transferable semester units at a participating TAG community college.
5. must earn 60 UC-transferable semester units.
6. must submit an official Admissions Application within the published deadlines for the quarter applicable on the TAG contract.
7. International students may not apply using the TAG.
