

LACCD Fall 2024 Student Survey Results, LAHC

Updated: February 27, 2025

About the LACCD Student Survey

The biennial LACCD Student Survey was administered online in the Fall 2024 term. The survey population included LACCD students enrolled as of October 7, 2024 in the Fall 2024 term. Students who enrolled later in the term and requested to complete the survey were allowed to complete the survey. The survey was open from October 14 to December 18, 2024. A total of 8,545 individuals completed the survey, out of 118,401 invitations sent, which yielded a districtwide response rate of 7.2% and margin of error of 1.0%.

The general goal of the LACCD Student Survey is to support institutional effectiveness, which includes informing planning, accreditation, supporting grant development, improving our student services, and understanding student needs, especially for student groups who are disproportionately disadvantaged in higher education. The survey is divided into several sections that include information on: Student Information, Educational Goals & Plans, Financial Resources, College Services, College Facilities and Security, Academic Experiences, Campus Climate, College Communications, and Overall Experience.

The following table contains the response rates by college.

Response Rates by College

	By Home Campus	Primary College Selected by Respondent	
College	# Invited	# Returned Surveys	Response Rate
ELAC	25,525	1,327	5.2%
LACC	16,160	1,542	9.5%
LAHC	7,343	459	6.3%
LAMC	9,876	723	7.3%
LAPC	17,826	1,477	8.3%
LASC	4,895	453	9.3%
LATTC	13,123	956	7.3%
LAVC	16,345	931	5.7%
WLAC	7,308	677	9.3%
District	118,401	8,545	7.2%

Note: Please keep in mind that students may select a different primary college on the survey than their home campus on file, so this response rate is not exact. Surveys were counted as returned if the student ID and answer to at least one non-identity question were recorded.

In the remainder of this report, percentages are calculated out of total respondents for each question.
